## Sunday January 22nd, 2017

### ALL MARKETS REJOIN

- 5:35 pm **Wwii Air Crash Detectives - *The Duke of Kent Crash*** - A Short Sunderland Flying Boat slams into Eagle Rock, a remote hillside in the far north of Scotland, killing fourteen people on board. Miraculously, there is one survivor. But among the dead is His Royal Highness Prince George the Duke of Kent, the brother of King George VI. This episode attempt to get to the truth behind the infamous Eagle Rock crash which claimed the life of the 'Forgotten' Prince – the Royal brother with the unfortunate lifestyle and inconvenient politics. From the crash site, we explore the known facts and explain why the plane came down – and sift through the fascinating theories that surround one of the most intriguing episodes of the Second World War. (From the UK) (Documentary) (Rpt) PG CC
- 6:30 pm **SBS World News** - Up-to-date reports and analysis of the major national and international news stories of the day in Australia's only world news service. (An SBS Production)
- 7:30 pm **The Great Pyramid - *The Great Pyramid*** - The Great Pyramid at Giza is the only one of the Seven Wonders of the World that still stands. Though archaeologists have been poring over this site for more than 200 years, we still do not really know how the ancient Egyptians built the Great Pyramid. Now two new developments promise to change that. Archaeologist Mark Lehner, the world's leading authority on the pyramids, takes this new information and forms a radical new picture of how Giza looked two and a half thousand years ago. He will reveal that the pyramid site, though more than a hundred miles from the nearest ocean, became, thanks to the Nile, the major international port of its day. He will also reveal the extraordinary footprint of the building: construction impacted far beyond Egypt's borders. (From the UK) (Documentary) (Archaeology) (Rpt) G CC
- 8:30 pm **Egyptian Vice** - The Ancient Egyptian elite were more than just rich with history. In this two-part series narrated by Alexander Siddig, with exploits that could've been ripped from the pages of modern magazines, experts will recount tales of excess wealth and discuss the scandalous vices of the era. (Part 1 of 2) (From the US) (Documentary Series) (Class. tba) CC **\*\*New Series Premiere\*\***
- 9:20 pm **Terror In Europe** - As Europe reels from an onslaught of terrorist events, top counter-terror officials describe their struggle to contain the unprecedented threat revealed by recent attacks in France and Belgium. (From the US) (Documentary) (Class. Tba) CC **\*\*Premiere\*\***
- 10:25 pm **End Of The Solar System** - The fate of the solar system is written in the stars. Astronomers are searching the skies for spectacular cosmic events that mirror our own distant future. As a result they can predict how the Sun and its planets will end in remarkable detail. It's an apocalyptic vision where galaxies collide, planets melt and life is wiped out. In this documentary, modern day prophets recreate the hellish conditions our world may face in its last moments. (From the UK) (Documentary) G CC **\*\*Premiere\*\***
- 11:25 pm **Operation Grand Canyon With Dan Snow** - In the ultimate test, Dan Snow and a team of modern adventurers take on the massive historical challenge of reliving the first ever exploration of the mighty Colorado River through the Grand Canyon. No one had ever attempted to brave the Grand Canyon and its many dangerous rapids until a band of Wild West pioneers took it on in 1869. Now, a new group of nine men attempt to navigate all 450 kilometres of the Grand Canyon in the manner of the original expedition, in antique-style wooden rowing boats more fit for a museum than this wild white water. The first episode takes the explorers through the beautiful, arid and dangerous wilds of north Arizona. (From the UK) (Documentary Series) (Part 1 of 2) (Rpt) PG CC

## Sunday January 22nd, 2017

- 12:35 am **Inside The Chinese Closet** - The father of a successful Chinese architect named Andy is worried. Andy, who lives in Shanghai, has come out of the closet and his father's overcome with shame. Cherry's mother is struggling with a similar issue because her daughter's attracted to women. The parents of both Cherry and Andy start looking for a way of covering up, and conclude that their suffering would be eased by a marriage of convenience, followed by children. This documentary follows Andy and Cherry in their frantic efforts to find 'acceptable' partners. Their stories shed light on a nation in transition. China's modernising rapidly, but older generations are still clinging to old-fashioned values. (From China, in Mandarin) (Documentary) (Rpt) G CC
- 1:40 am **Castaway On The Moon** - After failing to commit suicide by jumping from a bridge, Mr Kim is stranded on an isolated island in a Seoul river. Beginning a new back-to-nature life on the island, his exploits attract the curiosity of lonely recluse, and a love affair begins via a message in a bottle. Winner of the Audience Award at the 2010 Oslo Films from the South Festival. Directed by Lee Hae-jun and stars Hong Min-heui, Jang So-yeon and Jeong Jae-yeong. (From South Korea, in Korean) (Drama) (2009) (Rpt) M(A,L)
- 3:50 am **The Network** - In 2002, Kabul was emerging from five years of Taliban terror. It was a city in ruins cast back in time hundreds of years. This documentary follows the inspiring story of the Mohseni family, as they return to Afghanistan to help rebuild their country. Knowing nothing about the media, they were passionate about giving the Afghan people a voice that had been taken away from them for so long. But as the country faces the impending withdrawal of foreign troops, and with security rapidly deteriorating, the team behind TOLO TV are set to face their biggest challenge yet. (From Australia and Afghanistan, in English and Dari) (Documentary) (Rpt) M(V) CC

- 3:00 pm **James Cameron's Deep Sea Challenge** - There are places on Earth with no human history or memories, as remote from us as a distant planet. The deep-sea trenches are such a place. The deepest points on the planet, shrouded in eternal darkness, are home to an ocean's worth of scientific mysteries waiting to be solved. Now, after years of painstaking work, a team of visionary engineers led by filmmaker James Cameron ("Avatar," "Titanic") has built a submersible that for the first time allows humans to visit the deepest part of this hidden world. It's an astounding feat of technical wizardry, comparable in difficulty to landing a man on the moon. Deep Sea Challenge recounts the personal journey of Cameron and members of his engineering and science team as they prepare to make history, fulfilling lifelong dreams in the process.
